### WHERE WE ARE NOW

### Construction Activities

### NEW WATER MAIN ALONG MIRACLE MILE FROM SW 37 TO 42 AVENUES

The Miami-Dade Water and Sewer Department (WASD) has embarked on a capital improvement project that will make necessary upgrades to the water and sewer infrastructure. WASD is installing a new 16-inch Water Main along Miracle Mile (on the north side of the median), from SW 37 to 42 Avenues.

The upgrade will not affect the water or wastewater services in the area. All efforts will be made to minimize the effects of the construction activities to area residents, businesses and motorists. WASD will notify businesses in advance of any project-related activity that might impact access to storefronts.

### Project Information / Schedule

Phase 2 of the project is currently underway (started Tuesday, January 17th with a projected completion date of May 2017). The construction work will occur between 10:00 p.m. and 10:00 a.m., Sunday to Thursday only. The work will require phased roadway closures of both lanes on the north side of Miracle Mile during the construction times at night. Lanes will reopen to traffic by 10:00 a.m. every morning. The site will be cleared of construction equipment as the street reopens each morning. Block-by-block construction work will begin on LeJeune Road, progressing toward Douglas Road. On-street parking will be impacted by this project between the hours of 10:00 p.m. and 10:00 a.m. For a list of municipal parking garage and valet parking locations, visit [www.gablesstreetscape.com](http://www.gablesstreetscape.com). When the street is closed at 10:00 p.m. restaurant customers on the closed block will be provided an alternative location for retrieving their vehicles.
